

## Overview

### Bringing a New Perspective To the Practice of Law

Gray Reed & McGraw is a Texas-based, full-service law firm with over 120 lawyers in Dallas and Houston. Since 1985, our firm philosophy has been to provide high-quality legal services in a streamlined manner, to provide sophisticated and complex legal advice that is reasonably priced, and to provide big-firm results with small-firm efficiency. For 30 years, we have dedicated ourselves to achieving success for our clients, as they define success - whether that is winning a critical lawsuit, closing a key deal, consulting to save taxes, or just giving good business advice to avoid disputes.

It takes more than an extensive knowledge of the law to generate the right results for a client's unique business needs and goals. At Gray Reed, our attorneys work to resolve client matters in efficient and effective ways. We approach issues as opportunities, not problems, while incorporating a high level of business expertise. We couple exceptional depth and expertise with a commitment to client service. We strive to uphold the highest standards of excellence, hard work and loyalty that our clients expect and value.

Our goal is to establish long lasting relationships by collaborating with clients. Our philosophy is founded on the idea that we can serve as an extension of your company's executive team - as business thinkers who also offer premium legal advice and personalized service.

The vast majority of our business is from repeat clients and word of mouth referrals. That means we thrive when our clients are pleased with the end result, how we got there, how long it took, and how much it cost.

Success for our clients means success for us. Because we align our goals with our clients' goals, we both win.
