

The Effect of a Business of Your Personal Taxes and Retirement Plans

Jones School of Business at Rice University

November 3, 2016

In November 2016, Austin Carlson, spoke to undergraduate students at Rice University Jones School of Business's Foundations of Entrepreneurship class (BUSI 462). The course is designed to equip students with frameworks and tools for establishing, growing and modeling their business.

Austin's presentation focused on the effect a business can have on personal taxes and retirement plans. His presentation discussed:

- Effect on Credit Score, Assets and Tax Return
- Flow Through Issues
- Retirement Plans
 - Basic
 - Self-Employed
 - Limitations
- IRA Deduction Limits
- Health Savings Accounts
