

GRAY REED®

A WOODWARD/WHITE COMPANY

TORT LITIGATION

Our experienced trial lawyers represent clients, large and small, in Texas and all over the United States in matters relating to personal injury, product liability and premises liability. Our team has extensive experience handling complex cases involving serious impacts on human health and real property filed in dangerous venues. We utilize an efficient, client-centered approach in all aspects of litigation including jury trials, bench trials, injunction proceedings, alternative dispute resolution and appellate matters.

We have strong relationships with leading experts in the medical and scientific fields. Understanding the law, as well as the science and medicine involved in these cases permits us to communicate effectively with our clients (operations and legal personnel) in the parlance of their own industry. Further, we utilize technology to assist in providing efficient results and excellent service. In particular, our team utilizes databases and document management systems to organize and identify key information, increasing the value provided to the client.

In addition to investigation and litigation support, our services include crisis management, public relations expertise and preventative litigation strategies. We are a knowledgeable law firm that places every effort on obtaining superior, client tailored results. Our lawyers understand the importance of accessibility and responsiveness. We strive to maintain strong communications with clients, to be available to answer their questions and to keep them informed of the status of their case and actions taken on their behalf.

WHY CLIENTS FEEL AT HOME AT GRAY REED

Your experience with our attorneys will be fully aligned with your goals and objectives and tailored specifically to how you want to do business with us. Our lawyers are adaptable and nimble – you will never be forced into a box that doesn't fit your opportunity or problem, or your needs and desires. We know exactly when to turn up the heat and when collaboration is the smartest way for you to achieve your goals.

PERSONAL INJURY

Our team is often called upon to investigate and defend clients sued in personal injury and wrongful death cases involving vehicle collisions, trucking accidents, professional negligence and equipment failure. We utilize a client-centered approach, as well as technology and a stable of top consultants and experts to efficiently and successfully resolve these matters, whether at trial or before.

PRODUCT LIABILITY

Our team routinely defends claims brought against manufacturers, wholesalers, distributors and vendors for damages caused by allegedly dangerous or defective products, including paints, chemicals, food, firearms, consumer products, automobiles, asbestos-containing products, pharmaceuticals and various types of manufacturing and construction equipment. Gray Reed successfully represents clients facing product liability and mass tort actions involving an array of personal injury and property damage claims, as well as economic losses.

PREMISES LIABILITY

Our team has tremendous experience defending serious premises liability claims, including accidents that have occurred in and around industrial, chemical, drilling and refining operations. Our team is well trained in recognizing and understanding the nuances involved in these cases, including the legal status of the plaintiff and the duty owed, if any, by the defendant.
